# The Tiger and the Mosquito

*Read and act out this story*

A tiger was dozing under a tree. A mosquito came buzzing by. The tiger said, “Hey! Mosquito! Go away!”

The mosquito said, “Why should I go away? I am not afraid of you!”

The tiger was angry. He hit out with his paw.

The mosquito flew off. The paw struck his own cheek.  
The blow scraped his cheek. It began to bleed.  
The mosquito buzzed away.

The tiger struck with his other paw. The mosquito flew off. This time, too, he hit himself.

The tiger was helpless. The mosquito continued to buzz.

The tiger got up and quietly walked away.

The mosquito called out after him, "Don't be so proud, my friend. Everyone is great in his own way!"

Encourage the children to brush their teeth after meals. As the facilitator you can add to this list. We must educate the children to preserve our natural resources at a very formative stage of their growth.
