

22. On the Move Again

Dhanu's village

Today all the relatives have come to Dhanu's house to celebrate Dusshera. They have come with their luggage in their bullock-carts. Dhanu's father is the eldest in the family. So all the festivals are celebrated at their house. Dhanu's mother (*aai*), mother's brother's wife (*mami*) and father's brother's wife (*kaki*) are busy making *puranpoli* (sweet *rotis* made from jaggery and gram). Alongwith this a spicy *kadi* dish is also made.

The day passes in laughing and chatting. But by evening everyone's mood changes. The women and children begin to pack their luggage. The men sit down with the *mukadam* (agent who lends money) for the meeting. The *mukadam* gives the details of the loan taken by each family.

Then the talks for the next few months begin. The *mukadam* explains to the villagers in which areas they would go for the next six months. He also gives them some money as loan, for their expenses. Ever since Dhanu remembers, this has been

Teacher's Notes : Talk in the class about issues related to borrowing money, loans, debts and agents. Try to relate the meaning of these words by taking examples from daily life.

the routine. Families like Dhanu's work on the lands of big farmers till Dusshera, before the rainy season. Many other families also work on such lands. They earn just enough money to keep them going through these months.

But how to manage the remaining six months, when there is no rain, and no work in the fields? So, everyone borrows money from the *mukadam*. To pay back this money, they have to work for the *mukadam*. *Mukadam* is an agent for sugarcane factories. He helps them to find work in sugarcane fields.

Tell

- ◆ Did all the farmers in Dhanu's village have their own land?
- ◆ During what time of the year did Dhanu's family get work in the village? During what time did they not have work?
- ◆ Do you know of any families like Dhanu's, who have to leave their villages for months in search of work?

Think and find out

- ◆ If people in Dhanu's village did not leave the village in search of work, what difficulties would they face in their own village?
- ◆ In Dhanu's village, there can be no farming when there is no rain. Do you think farming can be done even without rain water? How?

Teacher's Notes : Draw children's attention to the fact that sugarcane farming can be done during those months, when there is no rainfall. Discuss various methods of irrigation in the farms, like, tubewells, canals, wheel for water lifting etc. Ask children to draw these. If possible take them or ask them to go with their family to see these.

In the next few months, Dhanu, his parents, his *kaka* (father's brother) and his two elder children, his *mama*, *mami* and their two daughters, and forty-fifty other families from the village will stay away from home. In these six months, Dhanu and many children like him will not be able to go to school. Dhanu's old grandmother, aunt who cannot see, and two-month old cousin sister would stay back in the village.

In other homes too the old and the ill people stay behind. Dhanu misses his grandmother a lot. Dhanu always keeps wondering – who will take care of his grandmother! But, what can Dhanu do?

Think

- ◆ Dhanu's family and many others from the village go far away for work but some people stay back in the village. Why does this happen?
- ◆ When Dhanu and other children leave the village for six months, what happens in the village school?
- ◆ What arrangements are made at your home for old and unwell family members when everyone goes for work?

After Dushera

The *caravan* of these families would now settle near the sugarcane fields and sugar factories. For six months they would stay in their huts made of dry sugarcane and its leaves. The men will get up early in the morning and go to cut sugarcane in the fields. The women and children tie the bundles of sugarcane. Then the bundles are taken to the sugar factory. Dhanu often goes with his father. Sometimes, they spend nights outside the factory on bullock-carts. There, Dhanu plays with the bullocks and wanders around.

At the factory, Dhanu's father gets the sugarcane weighed and takes a receipt (a note to say how much sugarcane they have given). They show this

receipt to the agent who

then keeps an account

of their loan. The

agent also gives

them some money

for the next week's

expenses. Then

Dhanu's *aai* and

mami take the

children to the nearby village market, to buy *atta* (flour) and oil for the next week. Sometimes *mami* buys *laddoos* or some sweets for the children. She also buys pencils, an eraser and a notebook for Dhanu. After all he is *mami's* favorite! But Dhanu won't be using these for six months, because he won't be going to school.

Mami wants Dhanu to study and become somebody in life. She does not want Dhanu to move around with his family like this. *mama* and *mami* tell Dhanu's parents, "Next time

when we leave

our village after

Dushera we will

leave Dhanu with

his *dadi* and

chachi. He will go

to school like the

other children in

the village. He

should continue

his studies. He

should study

further and become somebody."

Think and tell

- ♦ Why does Mami wish that Dhanu should go to school for the whole year and study?
- ♦ What happens when you are not able to go to school for a long time?

Discuss and write

- ♦ Dhanu has to go with his village people to other places. Can there be some arrangements during that time so that Dhanu continues his studies? What kind?
- ♦ Do you know of any jobs/work for which people have to stay away from their families for many months? Look for examples from this book and write.
- ♦ What are the similarities and differences in the lives of different kinds of farmers?

What we have learnt

- ♦ You have read about many kinds of farmers in different lessons in this book. Fill the table.

Name of the farmer	Owns land (✓ or X)	What do they grow (✓ or X)	What difficulties do they face	Any thing else
1. Damjibhai (Lesson....)				
2. Hasmukh (Lesson....)				

Teacher's Notes : Discuss with children that some arrangements can be made for educating children of communities that are on the move. Many times the teacher moves along with them. Also discuss for what kind of work some communities migrate from one place to another.
