UNIT
3

Listen and enjoy this poem

One little kitten
Two big cats
Three baby butterflies
Four big rats
Five fat fishes
Six sad seals
Seven silly seagulls
Eight happy eels;
Nine nervous lizards
Ten brave bees
Eleven smelly elephants
Twelve fat fleas
Thirteen alligators
Fourteen whales
Fifteen donkeys
With fifteen tails.

Lalu and Peelu

Listen and enjoy this story

There was a hen.
She had two chicks,
Lalu and Peelu.

Lalu was red.
He loved red things.

Peelu was yellow.
He loved yellow things.

One day Lulu saw
something on a plant.
It was red. He ate it up.

Oh, no! It was a red chilli.
It was very hot.

Lulu's mouth started
burning.
He screamed.

Mother Hen came running.
Peelu came too.
Peelu said, "I'll get something for you!"
Peelu brought a yellow laddu.

Lalu gobbled up the laddu.
His mouth stopped burning.
Mother Hen and Lalu kissed Peelu.

Let's read

I love plants.
The chicks ran to their mother.

Reading is fun

- ▶ Name the chicks in the story.
- ▶ Who liked yellow things?
- ▶ What did Lalu eat one day?

Let's talk

- ▶ Peelu brought a yellow laddu for Lalu. What are the other things Peelu could have brought that are both yellow and sweet? Name at least two, e.g. a mango.

Let's share

- ▶ Lalu loves red things. Peelu loves yellow things. The colour red is called 'lal' in Hindi and yellow is called 'peela'. What do you call these colours in your language?
- ▶ Give names to these chicks using the names of some other colours in your language.

Lalu _____

Peelu _____

Let's write

Match the chicks to the eggs they have hatched from.
One has been done for you.

Trace the letters on the eggs **a e i o u**

Let's draw

Trace and colour these flowers.

Red rose

Bluebells

Yellow sunflower

Riddle Time !

Red plus yellow is orange
Red plus blue is purple
Blue plus yellow is green
Add white to make them light.

Mother Hen and the Chicks

Let's act

Come to me, chicks.
I want you here.

What do you
want, mother?

Look at me.
Do what I do.
Down and up.
Up and down.

Mother! Mother!
I can do what you do.
Look at me.
Down and up.
Up and down.

Adapted from E.H. Grassam

Act out this story with the class.

While working with the children provide them with activities that are interesting and challenging. Give opportunities for fun to the children and encourage early writing attempts. Help them to develop the skill to identify and discriminate objects, pictures, colours, shapes etc.

► Develop listening skills

Recite the poem to the children using appropriate actions/gestures.

Read the story with emphasis on new words and make sentences with reference to the story.

► Develop pronunciation

Read the text and say aloud with the children

ate, date, gate

boy, joy, toy

burn, turn

bees, fleas

► Exposure to language

Use *sight words* in the classroom such as visuals and cue cards. Let the children read these:

a

e

i

o

u

► Develop speaking skills

The little play on chicks can introduce vocabulary in an interesting, conversational way.

1. Have a talk on eating healthy food.
2. Conversation based on 'Role play'

- Divide the class into four groups **Red**, **Yellow**, **Blue**, **Green**

Group Red: to make paper bags.

Group Blue: to collect leaves for eyes, nose, ears.

Group Yellow: to roll a string/play dough for whiskers.

Group Green: to roll a rope/twigs to make tails.

All groups will join to complete the paper bags. The children can decorate them with animal faces or figures. Afterwards these can be used as hand puppets. You can encourage the children as they go about doing this activity. Add any other material that you may want.

MATERIAL REQUIRED

Any old paper bags/
newspapers, glue, thread, rope,
coloured pencils and markers.

- Imagine you are eating a fruit and it falls down. Ask the children what they would do.
- Act out a situation when (i) you are hungry (ii) you are full (iii) you overeat.

► **Develop writing skills / fine motor coordination**

1. Write the words ***hat, bed, pin, hot, cut*** and numbers **11** to **20** on the blackboard. Let the child write numbers and read from the board. Use Activity Sheets to further encourage the patterns as on pages 31, 33 and 37 and numbers 11 to 20 (here co-ordinate with the maths teacher). However, do not force the child.
2. Sorting things into groups is an essential part of learning. By differentiating between objects, children start to think about similarities and differences and how things can be categorised. Show children how to sort leaves and twigs by placing them in two different piles.
3. Give children coloured beads and ask them to string them in a sequence. For example, one blue bead, two red beads and so on. Or on a string, thread two or three beads and ask the children the number of beads.

► **Raising awareness**

Tell the children to wash their hands before and after meals.
