Anandi's Rainbow

Enjoy this nature story

It was raining outside. Anandi was fast asleep dreaming of rainbows. She woke up to look out of her window. There was a huge, bright rainbow across a clear blue sky.

Anandi ran out to the garden with Milli, her favourite cat.

Anandi loved to draw and paint. Today, she wanted to paint the flowers of her garden with the colours of the rainbow.

She coloured one flower with the violet, and another with the indigo of the rainbow. One with the blue and leaves with the green... One with the orange...

One with the
red...

But she left
the yellow so
that the Sun
may look bright and gay...

And lo! There were
beautiful flowers all over
the garden. The Sun was
up there shining
in its yellow
glory.

After giving colours to the
flowers and the Sun, the rainbow
was gone...

The idea in this Unit is to assist the children in building their imagination; making and speaking simple sentences; and writing at least a few sentences. The sentences can be made both from the text and from their environment, using the sight words and flash cards in their classroom or outdoors.

► **Develop reading skills**

Let the children do the activity of **odd one out**. Encourage them to spot the one that is different. For example, draw a sequence of objects such as flowers and make one flower slightly different. Ask the children to point out the one that is different. These kinds of activities are relevant to reading as they help them identify and discriminate between objects and pictures.

Alphabet cards can be used for the matching exercise. The teacher makes cards from **a** to **z** in capitals and in lower case. The child has to match the capital letter with the corresponding one in lower case. For example, **A** with **a** and **B** with **b**.

► **Group activity**

Make a calender for every month showing birthdays of every child and display it along with this traditional song:

*Thirty days hath September,
April, June, and November,
All the rest have thirty-one,
Excepting February alone.*

► **Develop pronunciation**

Have a recitation or reading session of the poem 'Clouds'. Let each child be given a chance to read. The more confident he feels, the more motivated he will be to continue in his efforts.

Have a reading session of the story 'Anandi's Rainbow' from the Unit. Let each child be given a few lines to read.

► **Develop speaking skills**

Discuss with them the following questions

- How many days has September?
- Does February have 30 days in the month?
- How many months have thirty days?
- How many months have thirty-one days?
- When is your birthday?
- How many children in the class have a birthday in each month?

Ask the class to repeat sentences like: 'It's cold', 'It's raining today', 'It's hot', 'The wind is blowing', 'Leaves are falling'.
