## class - IV

## FA-IV worksheet 2013-14 subject - s0cIAL stuDles

Write which crops are grown in this soil.

| 1. | Alluvial soil                                      |
|----|--|
| 2. | Black soil -                                       |
| 3. | Red soil -   |
| 4. | Mountain soil                                      |
| 5. | Desert soil  |
| 6. | Laterite soil                                      |
|    | Define :-  |
| 1. | Orchard -  |
|    |  |
| 2. | Dam  |
|    |  |
|    | Name the Dams which are built on following rivers. |
| 1. | Kaveri   |
| 2. | Mahanadi   |
| 3. | Bhakraaa Nangal                                    |
| 4. | Nagarjunsagar                                      |

Fill ups :-

| Tank irr  | ation is more popular in                        |     |
|-----------|---|-----|
| Our first | Prime Minister Jawaharlal Nehru called dams,    |     |
|           | ·   |     |
| We mus    | water before drinking.                          |     |
|           | are popular means of irrigation in Northern pla | in  |
| The soil  | ormed from lava rocks is in colour.             |     |
| Manures   | nd are added to the soil to make it ferti       | le. |
| Answer    | e following :-                                  |     |
| How can   | ve prevent soil erosion ?                       |     |
|           |   |     |
|           |   |     |
|           |   |     |
|           |   |     |
|           |   |     |
| Whv are   | ams called multipurpose projects ?              |     |

| Why do th  | e Northern Plains ha | ve very fertile soil ? |  |
|------------|----------------------|------------------------|--|
| Why do th  | e Northern Plains ha | ve very fertile soil ? |  |
| Why do th  | e Northern Plains ha | ve very fertile soil ? |  |
| Why do the | e Northern Plains ha | ve very fertile soil ? |  |

Draw any two Underground sources of water.
