
Practical Exercise 20

Objective:

1. To enable the understanding of linkages between **Art, Craft and Design**.

Material Required:

1. Notebook
2. Pen, pencil
3. Magazines

Procedure:

1. Identify the picture of a painting which is appealing to you. Analyze the line, form, colour, textures, motifs which characterize this artwork.
2. Find out about the artist who created it and his/her style.
3. Refer to magazines and the internet to find pictures of 1-2 handcrafted products which have similarities to the selected painting. Discuss with the teacher if the product is 'inspired' by the artwork or is it the traditional style of the artisan/state.
4. Identify pictures of 1-3 apparel designs which have some similarities with the art or craft. This could be in terms of line, structure, colour, textures, motifs, fasteners (e.g. safety pins/strings/ rivets etc.)
5. Stick pictures of the art, craft product and apparel design and write a short note on their similarities and differences.

Observation and Discussion:

1. What are the similarities and differences between art, craft and design?
2. Can craft and design be inspired by art?
