

Practical 2

Objective:

- ◇ To understand textile design profession, role and responsibilities of textile designer and various aspects of work, time planning and trend studies broadly followed in textile design industry.
- ◇ To understand areas which are design specific.
- ◇ To understand work and responsibilities of a textile designer

Methodology apart from lectures: Apart from lectures audio visual references such as magazines, books, movies etc. should be shown to students for better understanding of the subject.

Material and equipments.

For Chapter 2 (2.1, 2.2, 2.3, and 2.4) no laboratory practical assignments are assigned since these sub units are theory based. Study material and teaching methodology needs to be followed as provided in chapters and teachers manual; however some class room equipment could be used to enhance the learning experience for the students.

Classroom Equipment:

1. Projector or KIAN - One
2. White Screen of approximately 6 x 6 feet - One
3. Proper electricity connection.
4. Pen drive of approximately 2GB capacity - One
 - ◇ The cost of the equipment depends on the local or international brands purchased
 - ◇ Please note the pen drive is required to save images, videos or presentations and attached to the KIAN to have a full screen mode audio visual presentation.
 - ◇ The pen drive can be used by teachers to save images and bring to the class for audio visual references.
 - ◇ The answer key is enclosed in the teacher's manual for the written exercises to be conducted in the class room and answer sheets to be checked.
