Preface

Security is a necessity for any society and a right of its citizens. A nation needs security and peace to progress and prosper. A State is duty-bound to secure the life and property of its citizens from external and internal security threats. Achieving a long-lasting security within a society or nation is a result of efforts from the Armed Forces, Central Armed Police Forces (CAPF), States' police forces and Private Security Sector (PSS).

The Private Security Sector in India is emerging as an important provider of security services to the individuals and businesses. The sector employs over six million workers and is growing at a pace of 15 percent annually. Risks and threats to life and property are many. Security situation becomes serious, if terrorism gets added to the existing list of risks and threats. Private security, due to its large presence on the ground can really help in making a society safe.

The PSS offers lucrative career options to everyone. There are executive, supervisory and managerial posts within the sector, which a person, depending on his or her ability and qualification can aspire to achieve. Private security is no longer a manpower intensive sector. Modern technology such as computers, biometrics, scanners, detectors, sensors, alarms, surveillance devices and communication systems are being used extensively in the PSS.

This Student Handbook on Security for level 3 (Class XI) has been prepared to introduce students to some of the central issues and concepts in the study of security in general and private security in particular. It touches up on the concept of Advanced Defensive Techniques, Managing Conflicts at Workplace, Legal and Procedural Requirements in Security Services Managing Visitors, Maintaining Lost and Found Facility, Occupational Health & Safety and Work Integrated learning etc.

This Student Handbook is a part of the Qualifications Pack (QP) developed by Security Sector Skill Development Council (SSSDC) under the National Skills Qualifications Framework (NSQF) for Unarmed Security Guard in the PSS. The NSQF is an initiative of the Government of India. It aims at benchmarking common principles and guidelines for a nationally recognised qualification framework covering schools, vocational education & training institutions, technical education institutions, colleges and universities.

In this book the subject matter has been presented in a student-friendly manner and simplified format for better understanding.

Suggestions or feedback are solicited from the teachers and readers for improvement.
